

PRODUCT RECALL

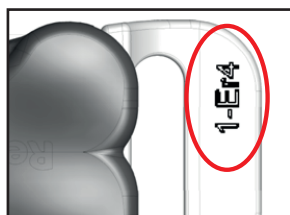

Pets at Home has become aware of a risk that the buckle on the **12mm Red Dingo Collars** may fail, allowing the dog to slip the lead.

A small number of products have been identified as having a fault, and so as a safety precaution we are requesting any customers who have purchased any of the affected products from any Pets at Home store or petsathome.com since 7th May 2015, to return them for a full refund.

The affected products are those shown in the photograph below, but which have no numbering on the collar itself. The product code is only on the packaging.
